

Starts Sept 9

Certified Passive House Designer Course Rocky Mountains

A Passive House Network hybrid Certified Passive House Designer course and PHI certification exam for professionals in the Rocky Mountain states of Idaho, Montana, Wyoming, Colorado, and New Mexico. The hybrid format allows students to leverage the benefits of on-demand, live-online & in-person training.

The CPHD course is the premier core Passive House professional training for architects, engineers, consultants, developers, policymakers and more. The course is supported by the 30 year history of global technical leadership of the Passive House Institute.

Cohort Details:

- 8 weeks from kick-off to completion of course work. Plus roughly 5 weeks for exam prep and exam.
- Upon passing the CPHD/C exam, participants receive internationally recognized certification as either a Passive House Designer or Consultant, depending on qualifications.

Included:

- 35 AIA LU/HSW credits & certificate of completion.
- On-demand digital course materials.
- Passive House Planning Package (PHPP) software & digital manual.
- 2 live online instructor-led webinars.
- Q&A sessions w/ a Passive House practitioner.
- 1 site visit to Passive House project (minimum).
- Supplemental exam preparation material.
- Exam review preparations & exam.

Course Schedule

The material is broken into weekly segments of approximately 2-3 hours of content. Additional time requirements for instructor-led webinars will be needed, plus kick-off and Q&A sessions.

At completion of course work there are a few weeks of exam preparation and then the exam.
