

# 2023 Passive House Network Conference Community Partner Agreement

Denver & Online | Sept 28 - Oct 6

The [2023 Passive House Network Conference](#) will expand the conversation about how high-performance Passive House building helps us successfully address our climate, health and social equity crises: To make new connections. Raise expectations. Celebrate ambitious action. To be inclusive. To inspire.

From grassroots organizers to global NGOs, together, our engagement will drive transformational change.

## Community Partner Benefits

- Four (4) event registrations at no cost.
- One (1) expo booth location (or space for materials at community expo booth) at no cost.
- Logo visibility online and on signage during the event, and text listing in the event program.
- Customized discount code for your membership and/or network to receive a 20% discount on the event registration.

## Community Partner Responsibilities

- Provide calendar posting and event website link on website as appropriate.
- Post conference announcements on social media and newsletters, at regular intervals as appropriate.
- Help make introductions and connections with local and/or organizations or individuals as might be appropriate. (help us network)
- Participate in the event.

## Other Community Partner Opportunities

- Provide programming content ideas.
- Provide experts for program participation, as a presenter, a panelist, a moderator, or a session host.
